

International Workshop  
«Spatio-Temporal Structures in Ensembles of  
Interacting Oscillators»  
(Chimera States — 2016)

September 14-16, 2016

Saratov National Research State University, Saratov, Russia

First Announcement

Saratov National Research State University and Radiophysics and Nonlinear Dynamics Chair conduct the International Workshop «Spatio-Temporal Structures in Ensembles of Interacting Oscillators» (Chimera States — 2016) during the period **September 14-16, 2016**.

The main topic of the Workshop is to discuss new results on the mechanisms of formation and properties of spatio-temporal patterns, including chimera states, in ensembles of coupled nonlinear oscillators. This Workshop is conducted in the framework of the joint project SFB910 (DFG, Germany) and the International research grant of RFBR (Russia).

Organizing Committee

Prof. Vadim S. Anishchenko — Chairman

Prof. Tatjana E. Vadivasova

Prof. Eckehard Schöll — Co-Chairman

Dr. Anna S. Zakharova

Dr. Galina I. Strelkova — Secretary

We invite participants of the Workshop to submit a preliminary title of their presentations, the name of the contributor and the type of their contributions (oral or poster presentation) up to **May 1, 2016** to Dr. Galina Strelkova (strelkovagi@info.sgu.ru).

Abstracts (no more than **1 page**) of the presentations should be submitted up to **June 1, 2016** to Dr. Galina Strelkova (strelkovagi@info.sgu.ru).

The Workshop Program and the Book of Abstracts will be available in the Second Announcement on **September 5, 2016**.

*Workshop Chairman*
